

# Unique beach experience package

2 pax /2-night stay

There is a moment in all of us when we want to just say stop, relax, disconnect and enjoy the wonders of our world. If you want to escape the routine, enjoy a nice massage, visit some of the most beautiful and isolated islands in the world for a day and feel pampered; this option is for you.

Start being pick up by one of our vetted chauffeurs at the airport for a safe and comfortable drive to La Isabela Suites. One thing less to worry about from the beginning of your trip.

You will be personally greeted by one of our assistant managers with a welcoming fruit and wine basket in your suite.

First for a little pampering we included our signature massage, the afternoon of your arrival in the comfort in the privacy and safety of your suite from our experienced masseuse.

Enjoy a full day at San Blas a group of small islands with white sand beaches. An area preserved and managed by our friends the Guna Yala at the Caribbean side of Panama. You will start being pick up early in the morning, taken in a two-hour car ride to the port at San Blas and then 30 minutes in boat to two of the 365 islands available for a one in a lifetime experience. It may seem a long ride, but the destination is worth it.

Our private chauffeur will drive you the airport for a safe return home or to the next part of your trip through this small and amazing country.
